

Recall Alert
Bowflex Ultimate 2® Home Gym

In cooperation with the U.S. Consumer Product Safety Commission, Nautilus Inc. (doing business as Bowflex) is voluntarily announcing a recall to repair the Bowflex Ultimate 2® Home Gym purchased prior to December 10th 2005. This reflects our continuing dedication to your safety and customer satisfaction when you are using our products. Ultimate 2 units purchased after December 10, 2005 should not be affected by this process.

While Nautilus has not received any reports of injuries to any consumers, under unique circumstances the Ultimate 2 purchased prior to December 10, 2005 may permit one end of the leg extension cable to release from the guide pulley and swing around toward the user. In addition, the Ultimate 2 may permit the squat attachment cable to become disengaged, causing the squat attachment to lock onto the underside rail during an exercise.

If you have purchased a Bowflex Ultimate 2 subject to this recall to repair directly from Nautilus a kit will be mailed to you via USPS. You should receive your kit within 4-6 weeks from the date of this announcement. If you did not receive your kit during this timeframe or did not purchase from Nautilus please call us at 800-413-3121 for your free kit. The following Bowflex® home gyms are not affected: Bowflex Ultimate™, Bowflex Revolution™, Bowflex Xtreme™, Bowflex Xtreme™ 2, Bowflex Sport™, Bowflex Elite™, Bowflex PowerPro™ and Bowflex® Motivator®

While you await the arrival of your upgrade kit and because your safety is very important to us, you should stop using the leg extension, squat attachment or abdominal attachment until the kit is installed.
