Important Safety Instructions

This icon means a potentially hazardous situation which, if not avoided, could result in death or serious injury. Obey the following warnings:

- Read and understand all warnings on this machine.
- Carefully read and understand the Assembly Manual.
- Keep bystanders and children away from the product you are assembling at all times.
- Do not assemble equipment in a wet or damp location.
- Make sure assembly is done in an appropriate work space away from foot traffic and exposure to bystanders.
- Some components of the machine can be heavy or awkward. Use a second person when doing the assembly steps involving these parts. Do not do steps that involve heavy lifting or awkward movements on your own.
- Do not try to change the design or functionality of this machine. This could compromise the safety and void the warranty.
- If replacement parts are necessary use only genuine Schwinn® replacement parts and hardware supplied by Nautilus. Failure to use genuine replacement parts can cause a risk to users, keep the machine from operating correctly or void the warranty.
- Do not use until the machine has been fully assembled and inspected for correct performance in accordance with the Owner’s Manual.
- Read and understand the complete Owner’s Manual supplied with this machine before first use.
- Keep the Owner’s Manual for future reference.
- Do all assembly steps in the sequence given. Incorrect assembly can lead to injury.

Before Assembly

Select the area where you are going to set up and operate your machine. For safe operation, the location must be on a hard, level surface. Allow a workout area of minimum 85.4” x 87.4” (166 cm x 222 cm).

Follow these basic points when you assemble your machine:

1. Read and understand the “Important Safety Instructions” before assembly.
2. Collect all the pieces necessary for each assembly step.
3. Using the recommended wrenches, turn the bolts and nuts to the right (clockwise) to tighten, and the left (counterclockwise) to loosen, unless instructed otherwise.
4. When attaching 2 pieces, lightly lift and look through the bolt holes to help insert the bolt through the holes.
5. The assembly requires 2 people.

Specifications and Tools

Not Included

5/16”
15mm

(recommended)

(recommended)
* Fan Assembly removed for clarity.

## Assembly

1. Attach Levelers to Stabilizers
2. Attach Stabilizers to Frame Assembly

**Note:** Fan Assembly has been removed for clarity.

3. Run Console Cable through the Console Mast

**Note:** Do not crimp the Console Cable.
4. Attach Console and Console Mast to Frame Assembly

Note: Do not crimp the Console Cable. Connect the Console Cable to the fan sensor on the right side of the Fan Assembly. Place all excess cable in the Console Mast.

5. Attach Right and Left Arms to Frame Assembly
6. Attach Pedals to Frame Assembly

**Note:** Be sure to attach Pedals on the proper side of the Bike. Orientation is based from a seated position on the bike. The Left Pedal has an “L”, the Right Pedal an “R”.

7. Connect Arms to the Lever Arms
8. Attach Foot Rest Covers and Hand Grips

9. Attach Wheel Locking Knob and Spring Guide
10. Attach Seat to Seat Post, insert and secure with Seat Locking Knob

11. Attach Water Bottle Holder Screws to Console Mast

Final Inspection
Inspect your machine to ensure that all fasteners are tight and components are properly assembled.

⚠️ Do not use until the machine has been fully assembled and inspected for correct performance in accordance with the Owner's Manual.
